 Date: November 19, 2008  
 Subject: NPA 458 to Overlay NPA 541 (Oregon)  
 Related Previous Planning Letters: None

---

### General Description

On October 21, 2008 the Oregon Public Utility Commission, (OPUC) in Order 08-528 of Case UM-1380 approved an all services overlay as the relief method for the 541 NPA which serves the southern and eastern portions of the state. The 541 NPA generally covers all of the state except the Portland area. The new **458 NPA** will serve the same geographic area currently served by the existing 541 NPA.

### Implementation of Relief Plan

Implementation of the overlay of the 458 NPA is as follows:

	<b>Time</b>	<b>Date</b>
Start of permissive 10-digit dialing.	12:01 AM Pacific	July 12, 2009
End of permissive dialing and start of mandatory 10-digit dialing	12:01 AM Pacific	January 10, 2010
Earliest new NPA central office code activation date *	-	February 10, 2010
Earliest date central office codes in the new NPA may be ordered through NANPA	-	August 10, 2009

\* Effective Date of the New 458 NPA

During the permissive dialing period, subscribers may dial local calls within the overlay area on either a 7-digit or 10-digit basis, but will be encouraged to dial 10-digits. After the permissive period ends, all calls must be dialed using 10-digits.

When preparing for overlay area code relief, carriers are strongly encouraged to prepare their switches to begin sending 10 digits prior to the mandatory 10-digit dialing conversion date for customers.

## Central Office Code Listings and NPA Map

A rate center map of the 541/458 NPA overlay is attached. Since NXX information may change over time, please consult the NANPA website at [www.nanpa.com](http://www.nanpa.com), the Local Exchange Routing Guide (LERG) or the NXX Activity Guide (NNAG) for updated information. Information in the LERG and NNAG is available by license contract from Telcordia Routing Administration (TRA), at 732-699-6700.

## Dialing Plan

Coincident with the introduction of mandatory 10-digit dialing, the dialing plan for the 541 and 458 NPAs will be as follows:

Type of call	Call terminating in	Dialing plan
Local and EAS calls	Home NPA (HNPA) or Foreign NPA (FNPA)	10-digits (NPA-NXX-XXXX)*
Toll call	HNPA or FNPA	1 + 10-digits (1 + NPA-NXX-XXXX)
Operator Services Credit card, collect, third party	HNPA or FNPA	0 + 10-digits (0 + NPA-NXX-XXXX)

\*1+10-digit permissible at service provider's discretion

## Network Testing

All international and domestic carriers should ensure that the 458 NPA has been activated throughout their networks prior to February 10, 2010. Test numbers to verify the routing to the new NPA will be in service beginning November 10, 2009 through April 10, 2010. The test numbers to verify the routing to the 458 NPA are: (458) 222-8378 (TEST) for LATA 670, (458) 333-8378 (TEST) for LATA 672 and (458) 444-8378 (TEST) for LATA 652. A recorded announcement will indicate that the test call has been successfully completed.

## General Information

The information in this planning letter reflects detailed information about NPA relief activities. The information has been derived from commission orders and from industry implementation decisions. The implementation of the plan described in this letter is the responsibility of individual service providers, and NANPA does not guarantee that the activities and plans will occur exactly as described herein.

## Contact Information

General questions regarding the expansion of the 541/458 NPA overlay should be directed to Joe Cocks, Senior NPA Relief Planner NANPA, on 805-520-1945. Questions of a technical nature should be directed to the NPA coordinator of the appropriate service provider.

Attached is a list of company and contact information that is provided to assist in the implementation of the relief plan described herein. Because this information is subject to change, NANPA cannot guarantee the completeness or the accuracy of the attached list.
