

Number: PL-200  
Date: November 29, 1999  
From: North American Numbering Plan Administration (NANPA)  
Subject: 612 NPA Split, Creating 763 and 952 NPAs - Minnesota

---

The Minnesota Public Utilities Commission (MPUC) has approved a three-way geographic split of the 612 NPA. North American Numbering Plan Administration (NANPA) has assigned the 763 and 952 NPA codes for this purpose.

The Minneapolis, Fort Snelling, St. Anthony, and Richfield areas will retain the 612 NPA. The 763 NPA will serve suburbs to the north and northwest of Minneapolis including Brooklyn Center, Fridley, Mounds View, Blaine, Coon Rapids, Circle Pines, Lexington, St. Francis, Isanti, Cambridge, Princeton, Elk River, Becker, Monticello, Buffalo, Waverly, Delano, Medina, Plymouth and Golden Valley. The 952 NPA will serve suburbs to the south and southwest of Minneapolis including Bloomington, Burnsville, Apple Valley, Lakeville, Elko, New Prague, Belle Plaine, Hamburg, Norwood, Mayer, Watertown, Mound, Orono, Wayzata, Minnetonka, Hopkins, Edina and St. Louis Park

The split of the 612 NPA, and the beginning of a permissive dialing period, will take place at 12:01 AM Central Time on February 27, 2000. The permissive dialing period will end at 12:01 AM Central Time on January 14, 2001. For numbers serving burglar and fire alarm customers, however, the permissive period will extend until November 1, 2001. During the permissive dialing period, either the 612 or the 763 NPA code will be acceptable in a dialed number terminating in the new 763 NPA. Similarly, during the permissive period, either the 612 or the 952 NPA code will be acceptable in a dialed number terminating in the new 952 NPA. After the end of the permissive period, all calls dialed with incorrect NPA codes, as defined in the NPA split information published in the Local Exchange Routing Guide (LERG), will be routed to intercept.

Attached to this letter are listings of assigned central office codes (NXXs) and Rate Areas that will be associated with the 612, 763, and 952 NPAs after the split. These lists reflect assignments as of November 24, 1999. The attached NXX information may change over time, and updated information may be found either in the LERG or the NPA NXX Activity Guide (NNAG). Current information in the LERG and NNAG is available by license contract from Telcordia's Traffic Routing Administration (TRA) group, which can be contacted by dialing the TRA hotline at 908-699-6700.

The Minnesota Department of Public Service has prepared a map showing the split boundaries. For copyright reasons the map cannot be reproduced in this letter, but can be downloaded from the World Wide Web at [www.dpsv.state.mn.us/docs/telecomm/acmapbig.htm](http://www.dpsv.state.mn.us/docs/telecomm/acmapbig.htm).

The dialing plan for the 763 and 952 NPAs will be the same as the current dialing plan for the 612 NPA, namely:

- All home NPA local calls must be dialed on a 7-digit basis (NXX – XXXX).
- All local calls terminating outside the home NPA may be dialed either on a 10 digit basis (NPA + NXX + XXXX), or with a prefix “1” and 10 digits (NPA + NXX + XXXX).
- All toll calls terminating inside or outside the home NPA must be dialed with a prefix “1” and 10 digits (1 + NPA + NXX + XXXX).
- All operator assisted calls, including credit card, collect, and third party calls, must be dialed with a prefix “0” and 10 digits (0 + NPA + NXX + XXXX).

All international and domestic carriers should ensure that the new 763 and 952 NPA codes have been activated throughout their networks prior to February 27, 2000. Test numbers to verify routing to the new NPAs are 763-571-1599 or 952-895-5000.

General questions concerning the geographic split may be directed to Sandy Tokarek, NANPA – NPA Relief Planning – Central Region at 401-821-7761. Questions of a technical nature should be directed to the NPA project coordinator of each respective service provider.

Ron Conners  
North American Numbering Plan Administration
