

## North American Numbering Plan Planning Letter

Number: PL-NANP-053  
Date: April 24, 1997  
From: J. N. Deak - NANP Administration  
908-699-6612, jdeak @ notes.cc.bellcore.com  
Subject: NANP-Split of 913 (Kansas) Numbering Plan Area (NPA)

---

We have been advised by Southwestern Bell that substantial number growth in Kansas necessitates providing area code relief for the 913 NPA. The relief plan, approved by the Kansas Corporation Commission, calls for a geographic split of the 913 NPA and the simultaneous introduction of a new 785 NPA. The following is a description of this relief plan.

The existing 913 NPA in northern Kansas will be split along Local Access and Transport Area (LATA) boundaries. The Kansas City LATA, which includes Kansas City, Gardner and DeSoto, will retain the 913 NPA, and the remaining portion of the 913 NPA to the west of the LATA boundary, which includes Topeka, will transfer to the new 785 NPA.

The split of the 913 NPA, and the beginning of a permissive dialing period, will take place at 12:01 AM Central Daylight Time (CDT) on Sunday, July 20, 1997. The permissive dialing period will end at 12:01 AM CST on Saturday, October 3, 1998. During the permissive dialing period, either the 913 or 785 NPA code will be acceptable in a dialed number terminating in the new 785 NPA. After the permissive period, all calls dialed with the incorrect NPA will be routed to intercept.

The attached map illustrates the 913 and 785 NPA configuration after the split. Also attached is numerical listing of all assigned central office codes (NXXs) within each NPA, as of April 2, 1997. The NXX information provided for each NPA includes switch identification, rate center name, and LATA identification. Since the attached NXX information may change over time, updated NXX information may be found either in the Local Exchange Routing Guide (LERG) or the NPA NXX Activity Guide (NNAG). Current information in the LERG and NNAG is available by license contract from Bellcore's Traffic Routing Administration (TRA) group, which can be contacted by dialing the TRA Hotline at 908-699-6700.

All international and domestic carriers are asked to ensure that the new 785 NPA has been activated throughout their networks prior to July 20, 1997. Test calls to verify routing to the new NPA can be made by dialing 785-368-9722, effective June 20, 1997. It is not expected the test number can be reached from outside the 913 NPA until shortly before the beginning of permissive dialing. Calls successfully completed to the test number will receive a recorded announcement. The test number will be disconnected on November 1, 1998.

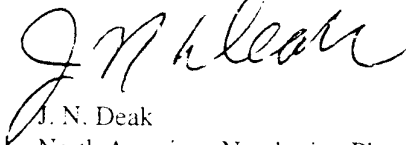

The dialing plan for the 913 and 785 NPAs will be as follows:

- All home NPA (HNPA) local calls will be dialed on a 7-digit basis with no prefix, i.e., NXX-XXXX (7 digits).

- All HNPA toll calls, i.e., calls that generally incur an extra charge, will be dialed with a prefix "1" and 10 digits, i.e., 1 + HNPA + NXX + XXXX (1 + 10 digits).
- All foreign NPA (FNPA) local calls will be dialed on a 10-digit basis with no prefix, i.e., FNPA + NXX + XXXX (10 digits).
- All FNPA toll calls will be dialed with a prefix "1" and 10 digits, i.e., 1 + FNPA + NXX + XXXX (1 + 10 digits).
- All operator assisted calls, including credit card, collect, and third party calls, will be dialed with a "0" prefix and 10 digits, i.e., 0 + NPA + NXX + XXXX (0 + 10 digits).

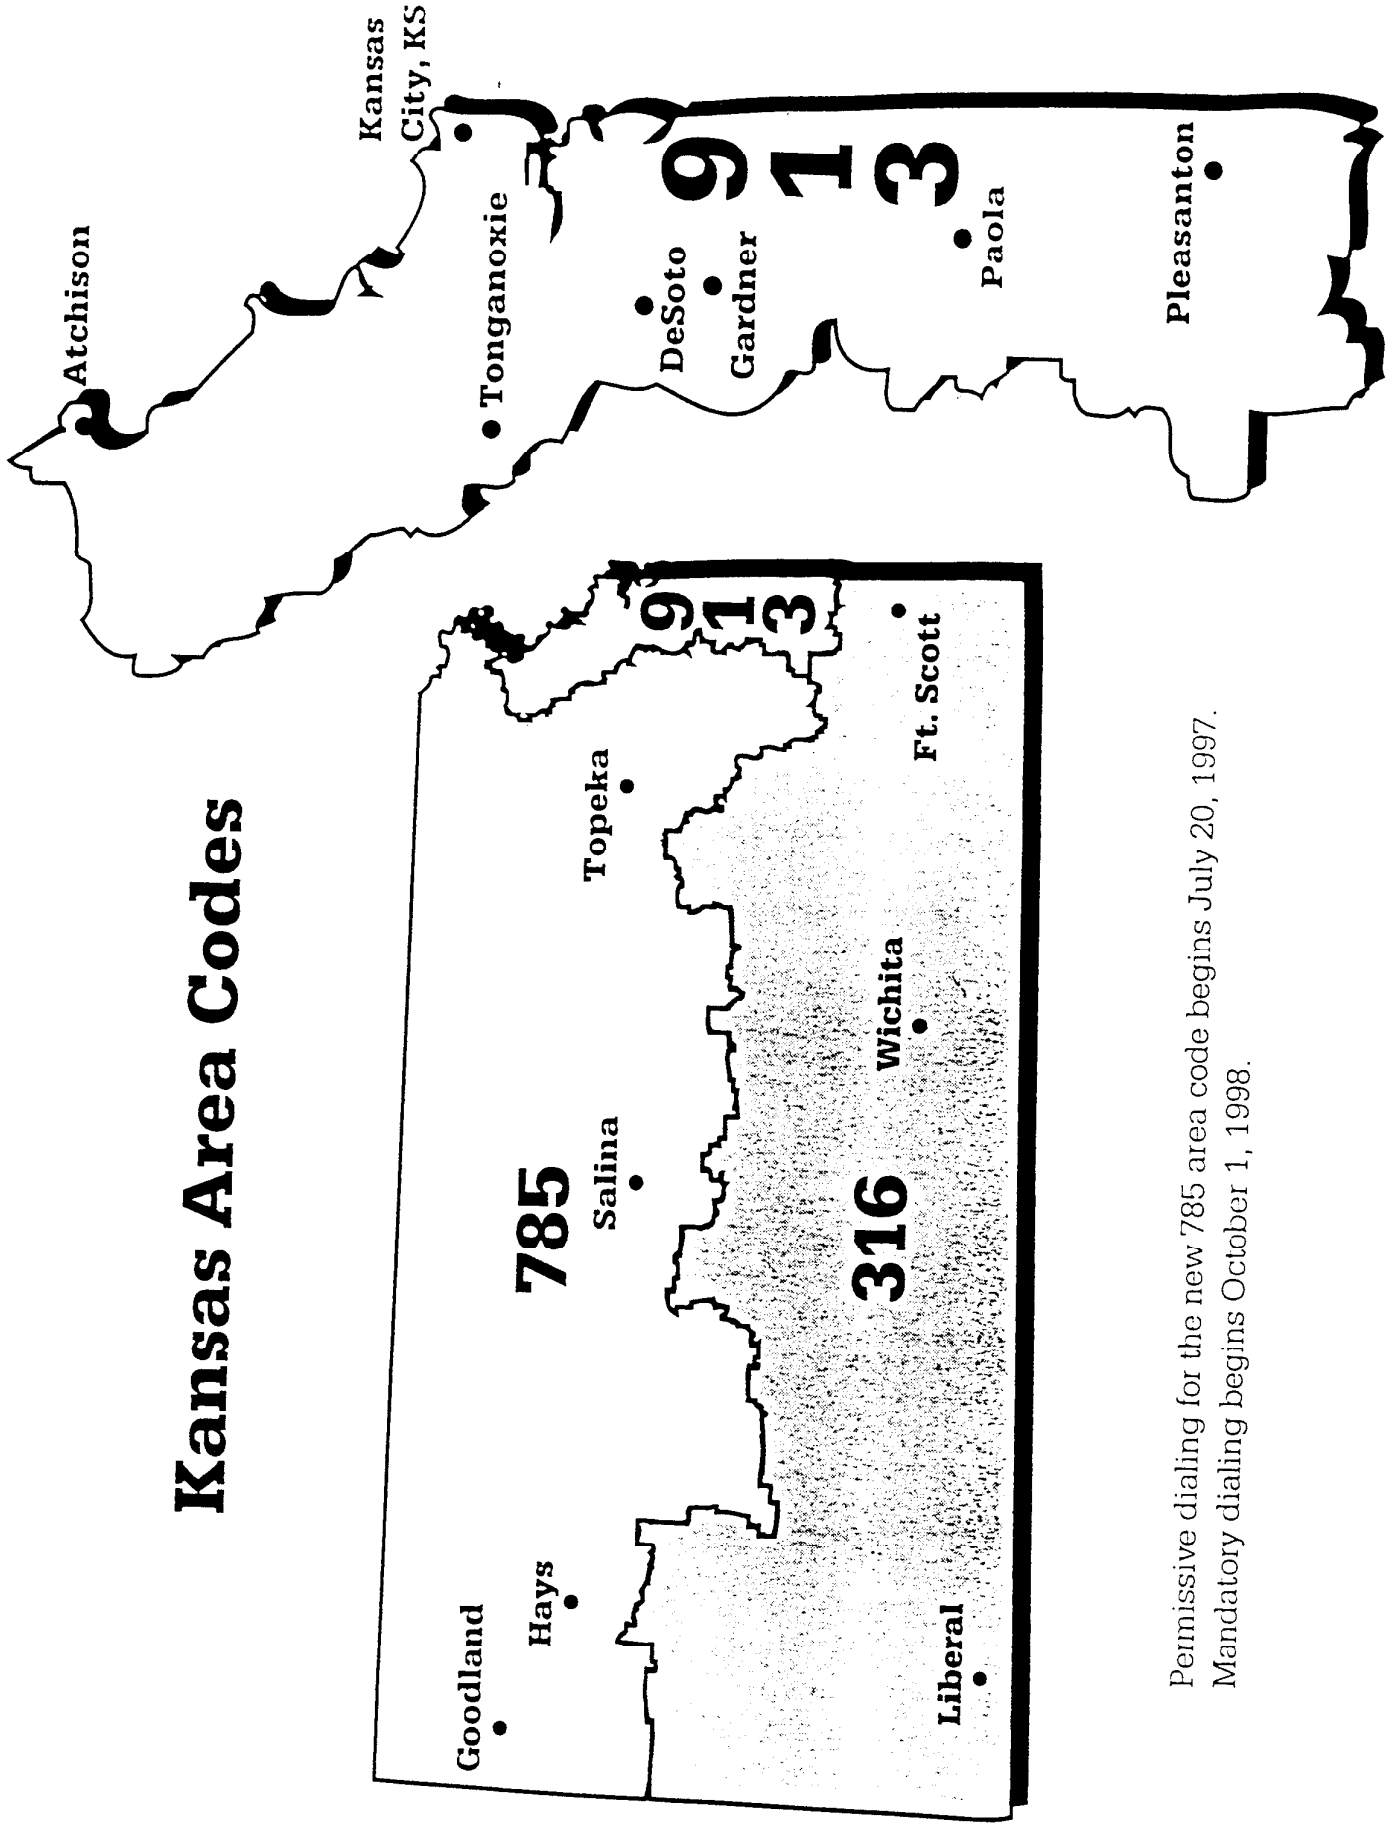

General questions concerning the 913/785 NPA relief activity should be directed to Bill Adair, Southwestern Bell, at 913-676-1539.

Questions concerning the contents of this letter may be referred to Jim Deak, Bellcore, at 908-699-6612.

J. N. Deak  
North American Numbering Plan Administration

# Kansas Area Codes

Permissive dialing for the new 785 area code begins July 20, 1997.  
Mandatory dialing begins October 1, 1998.
