

North American Numbering Plan Planning Letter

Number: PL-NANP-059
Date: May 12, 1997
From: J. N. Deak - NANP Administration
908-699-6612, jdeak @ notes.cc.bellcore.com
Subject: NANP-Split of 904 (Florida) Numbering Plan Area (NPA)

We have been advised by BellSouth that substantial number growth in north Florida necessitates providing area code relief for the 904 Numbering Plan Area (NPA). The relief plan, approved by the Florida Public Service Commission, calls for a geographic split of the 904 NPA and the simultaneous introduction of a new 850 NPA. The following is a description of this relief plan.

The split will be along the boundary between the Jacksonville and Tallahassee Local Access and Transport Areas (LATAs). The Jacksonville and Daytona Beach LATAs will retain the 904 NPA, and the Tallahassee, Panama City and Pensacola LATAs will transfer to the 850 NPA.

The split of the 904 NPA, and the beginning of a permissive dialing period for the 850 NPA, will take place at 1:01 AM Eastern Daylight Time (EDT) on Monday, June 23, 1997. The permissive dialing period will end at 1:01 AM EST on Monday, March 23, 1998. During the permissive dialing period, either the 904 or 850 NPA code will be acceptable in a dialed number terminating in the new 850 NPA. After the permissive period, all calls dialed with the incorrect NPA code will be routed to intercept.

The attached map illustrates the 904 and 850 NPA configuration after the split showing approximately where the boundary between NPAs will be located. Also attached are listings as of May 8, 1997 of the assigned central office codes (NXXs) and associated exchange names that will be located in the 904 and 850 NPAs. Since NXX information may change over time, updated NXX information may be found either in the Local Exchange Routing Guide (LERG) or the NPA NXX Activity Guide (NNAG). Current information in the LERG and NNAG is available by license contract from Bellcore's Traffic Routing Administration (TRA) group, which can be contacted by dialing the TRA Hotline at 908-699-6700.

All international and domestic carriers are asked to ensure that the new 850 NPA has been activated throughout their networks prior to June 23, 1997. Test calls to verify routing to the new NPA can be made by dialing 850-455-4597, effective June 13, 1997. It is not expected the test number can be reached from outside the 904 NPA until shortly before the beginning of permissive dialing. Calls successfully completed to the test number will receive a recorded announcement. The test number will be disconnected at the end of permissive dialing on March 23, 1998.

The following dialing procedures will continue for all NPAs in Florida:

- All home NPA (HNPA) local calls will be dialed on a 7-digit basis with no prefix, i.e., NXX + XXXX (7 digits).
- All HNPA direct dialed toll calls, i.e., calls that generally incur an extra charge, will be dialed with a prefix "1" and 10 digits, i.e., 1 + HNPA + NXX + XXXX (1 + 10 digits).

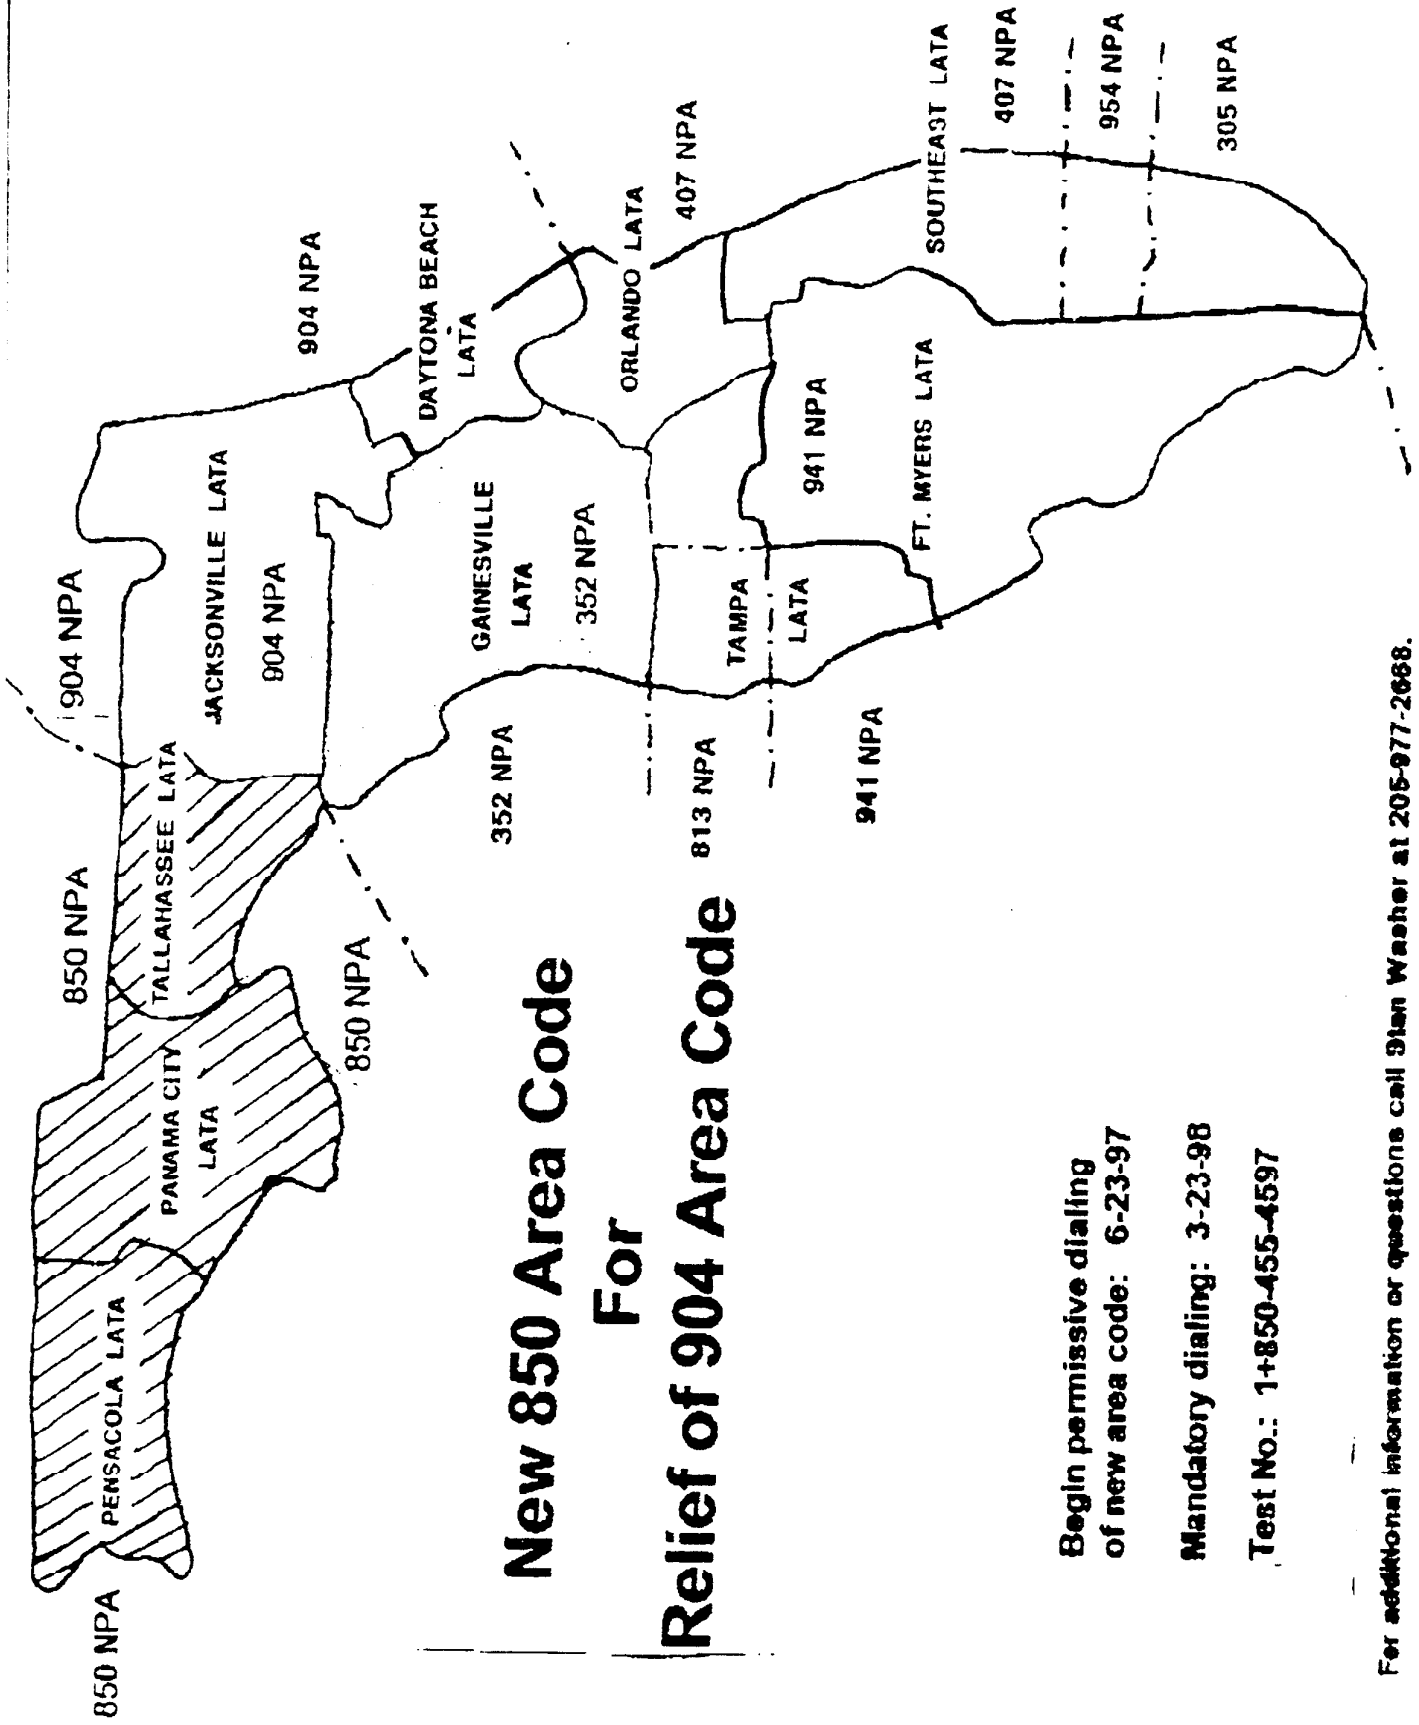

- All FNPA direct dialed toll calls will be dialed with a prefix "1" and 10 digits, i.e., 1 + FNPA + NXX + XXXX (1 + 10 digits).
- All operator assisted calls, including credit card, collect, and third party calls, will be dialed with a "0" prefix and 10 digits, i.e., 0 + NPA + NXX + XXXX (0 + 10 digits).

Questions concerning the split and dialing procedures for the 904 NPA may be directed to the NPA Relief Coordinator, Jackie Kerns, BellSouth, at 904-350-3556, or to the BellSouth NPA Code Administrator, Stan Washer, at 205-977-2668.

Questions concerning the contents of this letter may be referred to Jim Deak, Bellcore, at 908-699-6612.
